

Sundance Green Label Wheatgrass Juicer

Continuous pulp expulsion. Juice fountain is precision machine, cast-iron, full hot dip tin plated. Mounted on sturdy stainless steel chassis and self feeding. Juices $\frac{3}{4}$ ounces of wheatgrass per minute. Heavy duty, quiet motor with steel gears. 105 rpm. 3 yr motor warranty (home use) and 6 month motor warranty (commercial use) and 5 yr on parts. NSF approved.

Sundance Red Label Wheatgrass Juicer

Same as Green Label except it has an adjustable outlet screw, juices 1 $\frac{1}{4}$ ounces of wheatgrass per minute and 177 rpm. NSF approved.

Sundance Workhorse II Wheatgrass Juicer

Continuous pulp expulsion. Heavy duty cast iron tin plated and motor mounted on sturdy stainless steel brackets for maintenance-free lifetime service. The fine-hole strainer filters wheat grass juice, and you can easily juice sprouts, greens, herbs and other kinds of vegetables by switching to the large-hole strainer. Makes great nut butters and bean and seed paste for spreads and dressings. They are discharged through the outlet screw. The juicer is self-feeding. Juices 2 $\frac{1}{2}$ ounces per minute for most grain grasses, leafy greens, herbs and sprouts. 91 rpm. 1 yr motor warranty (home use) and 6 month motor warranty (commercial use). NSF approved.

Miracle Pro Green Wheatgrass Juicer MJ575

Commercial grade electric juicer for wheatgrass, leafy greens, soft fruits and vegetables. New auger design ensures maximum yield, unique dual stainless steel screen system and stainless steel auger, housing and body. Easy to operate and clean. 53 rpm, 75 watts. 6 month warranty. NSF approved.

Ruby Commercial Juicer

Continuous juicing, automatic pulp ejection. Simple, quiet and safe to operate. Durable and easy top to dismantle and clean. Produces 1.5 liters in 30 seconds. Eight different juice spout positions. $\frac{3}{4}$ hp motor, 3,450 rpm. 1 yr warranty. NSF approved.

Miracle Pro Commercial Juice Extractor MJ800

Centrifugal, automatic pulp ejection. Will juice 1 qt. of juice in one minute. Juicer has stainless steel base, cutter and basket. Large feed opening fits whole medium apples and large carrots. Designed for juice bars, restaurant and health food stores. 1 hp motor, 3,400 rpm. 6 month warranty. NSF approved.

Miracle Commercial Citrus Juicer MJ500

Centrifugal action extracts more juice than other juicers. Pulp is churned out by a rotor at high speed under pressure for higher juice yield. All stainless steel juicing parts and drip plate. 260 watt motor. NSF approved.

Sunkist Commercial Citrus Juicer J1

Makes 10-12 gallons of juice per hour. Features a metal oscillating strainer to better separate the juicer from the pulp. Quiet and heavy duty motor. Housing is chrome plated steel. Comes with 3 domes, spout and bowl and they're made of strong corrosion-proof white plastic. Removable parts are dishwasher safe. $\frac{1}{4}$ hp motor, 1,750 rpm. 2 yr warranty. NSF approved.
